THE NEXT FOUR PROTAGONISTS IS VOLUNTARY IN LEFTS DO ON A SCENE NEW TOGETHER BY VOICE

Tsukiyachi

Birthday: 18th April

Age: 27

Height: 175cm

Blood Type: O

Likes: Parties, flying through the sky at high speeds

Hobbies: Morning

Favourite Food: Alcohol

Least Favourite Food: Little too strong (his ugly looking arm sling that can be caught at Little)

Hair Colour/Eye Colour: Dark Gold

An optimist, who doesn't worry about the little things. He seems like an outgoing person, but he has a deep understanding of his surroundings. He often speaks to Haruki, who is the same age as him, saying "How about we go out, for once?" but gets turned down.

The group members around them have been thinking to themselves that the reason for this is probably that Haruki can't keep up with Tsukiyachi's high spirits. Actually, they say it out loud.

Profile

Jiki

Birthday: 3rd October

Age: 20

Height: 176cm

Blood Type: A

Likes: Growing and combining mechanical plants

Hobbies: DvD

Favourite Food: Lowbowl (dick) savouries

Least Favourite Food: Junk food

Hair Colour: Originally grey

Eye Colour: Gold

When meeting people that he doesn't have a close relationship with, or people who are quite ordinary, he is polite and good natured (pleasant appearance). However, when he meets someone strange or someone that he knows well, he occasionally says cruel things. (Rather than being awkward, it seems to be more like the truth.)

He collects different artificial plants, because he enjoys cultivating them. He seems cold, but he is quite sociable. One that often seems to be just for show.

Kiichi

Birthday: 25th November

Age: 15

Height: 151cm

Blood Type: O

Likes: Shopping, eating

Dislikes: Children

Favourite Food: Desserts

(especially ones with cream)

Least Favourite Food: The medicine pit makes this one that have to be drunk

Hair Colour/Eye Colour: Light blue

A proud perfectionist, but it seems there are some occasions when she doesn't pay attention. She looks hostile towards Tsukano, who was her mentor in the training academy, but Tsukano isn't really aware of this.

She is strong willed and hates losing, which helps her to battle. She deals with things in a calm and composed manner, and she it seems to have much future potential as a member of Circus.

Eliska

Birthday: 16th July

Age: 14

Height: 150cm

Blood Type: B

Likes: Going on dates with Karsia

Dislikes: When she can't be with Karsia

Favourite Food: Pizzas and pizzas
in food that goes on a food cream salad

Least Favourite Food: Garlic

Hair Colour/Eye Colour: Brown, Pink

A selfish person who is straightforward about her feelings and what she wants. As she grew up surrounded by people engaged by her grandfather, she was naturally treated like a princess. Because she was in an environment where she didn't have to consider other people, she didn't learn how to communicate, so she doesn't have much experience at building good relationships with others. Even though she is selfish, she seems to rely on him. Her relationship with Karsia is still uncertain.

Also, this is "Dawn" There, you very much, for making funniest volume of "There" with very letters and necessary from people known for a friend (D) so far very happy I was able to hear it. Be so able I sleep that the letters carefully.

When I was making up volume 4 I had my first serious when I was able to meet the readers. Even though it was for work it was an amazing time when I was able to meet very different people.

Come to think of it, but all of the cards that were submitted as professional with in volume 3. I think was the most "power" You had such great, tough competition but the 15 year old won. I don't mean that they were competing for a position though. They had the same points for a long time.

I was taking to my "master" and we talked that if "You" had been master and he would have been honest about it and said "Dawn, you're the so happy!" However, "Master's" decision wouldn't change and he'd just say "It doesn't really matter."

Try your best, Alex

Wow! We're at the end of another volume!

Haha, now we're only one volume behind! Well, I'm happy with that! We started when only one volume was out and the second one came out in the middle of doing that one, which means we're keeping up!

Isn't the story getting interesting!? ... I kind of like the fact there's still lots of puzzles to solve, I desperately want to know who the other prisoner is! And how Karoku is talking to me and what relationship they have!

It's so exciting!

Join us for the next volume of Carnival!

Vol. 4

Yay! I'm happy that we've reached the end of another volume. I don't actually begin to read Carnival until it's completed the sixth chapter, but I've grown to love this series!

Hope all you guys will be with us for volume 5!

Lots of love, Kai <3
